

ribosome biogenesis 130/134

ribonucleoprotein complex biog 185/191

cellular component biogenesis 500/527

chromosome organization 281/293

cellular response to DNA damage 158/163

protein-containing complex dis 42/42

protein-containing complex sub 326/341

supramolecular fiber organization 50/50

DNA-dependent DNA replication 73/74

regulation of catalytic activi 169/175

intracellular signal transduct 128/132

cellular protein-containing co 260/272

Ras protein signal transductio 41/41
